SHYTINA M. DRUMMOND
ASSISTANT WARDEN

February 22, 2021

Warden Fulton W. Holland Jr.,

For the Worcester County Jail, the overall rate of reported and substantiated sexual abuse and sexual harassment for the entire population of over 182 inmates is less than one percent.

- In 2020, seven (7) instance of inmate- on- inmate sexual harassment was documented 3 cases were unfounded 4 cases were unsubstantiated.
- In 2020, 1 (1) instance of unwanted touching for sexual gratification or abusive sexual contact was documented 1 case was unfounded.
- In 2020, three (3) instance of indecent exposure was documented 2 cases were founded one (1) case was unfounded.

Overall, the rate of sexual victimization reported by the Worcester County Jail inmate population is well below the national average of 3.2% of reported sexual victimization.

The Worcester County Jail publishes an annual report regarding PREA-related incidents and where necessary, plans to improve the agency's prevention, detection, and response efforts. The Worcester County Jail regularly conducts sexual abuse/ assault incident reviews to determine if changes to or improvements in environmental, procedural, staffing, and/ or monitoring factors are required.
